EDUCATION MATTERS

MEDIA KIT

A Bi-Monthly Education Magazine

www.edumatters.in

First of its kind Magazine for the Education Industry

Education Matters is India's first of its kind magazine to review and present news and stories, especially for the Education Fraternity. The objective of this publication is to feature the leading education institutions and highlight the best practices being followed in the Indian Education ecosystem. Education Matters publishes the latest news and analysis on the trending topics and also feature ed-tech companies and industry events which have emerged through the unique concept of giving unparalleled solutions to the education fraternity. Education Matters provide coverage & advertising opportunities to various education institutions, ed-tech companies, industry events & international delegations that have a deep and important role to play towards the internationalization of Indian Education.
